Accreditation

Laboratory Registration Number 395

This laboratory is accredited by International Accreditation New Zealand (IANZ). The tests reported herein have been performed in accordance with the terms of our accreditation. This accreditation does not extend to any opinions or any interpretations of test results contained in this report.

IANZ has a Mutual Recognition Arrangement (MRA) with the National Association of Testing Authorities (NATA), Australia, such that both organizations recognize accreditations by IANZ and NATA as being equivalent. Users of test reports are recommended to accept test reports in the name of either accrediting body.

**Compliance Certificate**

Appliance	Masport I3000 Insert Wood Burning Heater
Test Standard	AS/NZS2918:2001 Appendix E
Full Reports	Report 10/2278 contains information on the test methods, testing, details of the appliance tested, the installation and the results of the test. Report 10/2280 contains information on hearth projection calculations.
Floor Protector	Tested both with and without a floor protector present. Our report 10/2280 gives hearth projections when the height of the heater or floor protector is varied.
Minimum Clearances	Minimum clearances are given in report 10/2278.
